Job Advertisement – Communications Manager

The European Network on Statelessness (ENS) is a network of NGOs, academic initiatives and individual experts committed to addressing statelessness in Europe (100 members in over 30 countries). We believe that everyone has a right to a nationality and that those who lack nationality altogether – stateless persons – are entitled to protection. ENS is dedicated to strengthening the often unheard voice of stateless persons in Europe, and to advocate for full respect of their human rights. We aim to reach our goals by conducting and supporting law and policy development, awareness-raising and capacity building activities.

ENS is seeking a Communications Manager to manage, coordinate and lead the development of innovative communications and media strategies to strengthen the Network's profile and ability to achieve its mission and strategic objectives. We are a young, vibrant and fast developing organisation which now needs to convey its growing research base and authoritative voice to a wider audience. A primary vehicle for this will be ENS's campaign "None of Europe's Children Should be Stateless", the next phase of which will be designed and delivered by the post-holder. Working in a small charity, the role requires an individual capable of thinking strategically while being hands-on on a day-to-day basis.

The successful candidate will have significant experience of working with print, broadcast, digital and social media and having successfully promoted particular messages, ideally in a NGO/charity environment. The candidate will be highly articulate with advanced IT skills and able to effectively manage and work within networks and coalitions for campaigning and advocacy purposes. The candidate will be contributing positively to our dynamic organisational ethos, be able to demonstrate a flexible and entrepreneurial 'can do' approach and fit well into a fast moving and demanding environment with an international dimension.

The Communications Manager will also work with the Director to diversify income streams, identify and engage new funding relationships and build new strategic partnerships. Along with the Operations Manager, the post-holder will play a key role in the organisation's fundraising and strategic planning. The role therefore represents an exciting opportunity for candidates with the requisite flexibility, ambition and drive, as well as possessing a strong commitment to help improve the lives of stateless persons across Europe.

ENS supports flexible working arrangements. Therefore, although this post is advertised as full-time, consideration will be given to applications from suitably qualified candidates interested to work part-time (including initially). It is a requirement that applicants have no restrictions to work in the UK.
